

Sixteenth Marcel Grossmann Meeting

Tuesday, 6 July 2021

Binary-Driven Hypernovae of Type 1, 2 and 3: Block 1 (09:30 - 12:30)

-Conveners: Christian Cherubini; Carlo Luciano Bianco; Simonetta Filippi

time	[id] title	presenter
09:30	[598] Neutrino and gamma-ray production from proton-proton interactions in binary-driven hypernovae	CAMPION, Stefano
10:00	[946] General Relativistic Turbulence in spherically symmetric Core-Collapse Supernovae simulations	BOCCIOLI, Luca
10:30	[958] GRB-SN association and Inferences of GRB 190114C for the Crab pulsar and the supernova remnant	MORADI, Rahim
