

The Seventeenth Marcel Grossmann Meeting – Pescara, Italy, July 7-12, 2024

The Seventeenth Marcel Grossmann Meeting will be organized by ICRA (www.icra.it), ICRANet (www.icranet.org) and D'Annunzio University of Chieti – Pescara (<https://en.unich.it/university>) and will be held in Pescara, Italy on July 7-12, 2024.

Since 1975, the Marcel Grossmann Meetings (on Recent Developments in Theoretical and Experimental General Relativity, Gravitation, and Relativistic Field Theories) have been organized in order to provide opportunities for discussing recent advances in gravitation, general relativity and relativistic field theories, emphasizing mathematical foundations, physical predictions and experimental tests. The objective of these meetings is to elicit exchange among scientists that may deepen our understanding of spacetime structures as well as to review the status of ongoing experiments aimed at testing Einstein's theory of gravitation either from the ground or from space. Previous meetings have been held in Trieste (MG1: 1975, MG2: 1979), Shanghai (MG3: 1982), Rome (MG4: 1985, MG9: 2000, MG14: 2015, MG15: 2018), Perth (MG5: 1988), Kyoto (MG6: 1991), Stanford (MG7: 1994), Jerusalem (MG8: 1997), Rio de Janeiro (MG10: 2003), Berlin (MG11: 2006), Paris (MG12: 2009), Stockholm (MG13: 2012), and online (MG16: 2021).

The composition of the international organizing committee can be found here:

The composition of the international coordinating committee can be found here:

<https://indico.icranet.org/event/8/page/33-international-coordinating-committee-icc>

Interested scientists should address a member from any one of the organizing committees or the conference secretariat.

The registration will start on the 10th of March, 2024.

Early bird (from 10 of March to 31 of May) registration fees will be: 400 euro (100 for students)

Late registration fees (from 1 of June) will be: 600 euro (150 euro)

Registration fee will cover access to all sessions, coffee-breaks, publication of proceedings.

The planning of the scientific program is in progress, with the renewal of selected past parallel sessions and the introduction of new ones.
