

# Seventeenth Marcel Grossmann Meeting

## Thursday, 11 July 2024

### ANTARES – 15 years of multi-messenger astronomy in the sea: Thursday block 1 - Lab. B (15:00 - 16:30)

-Conveners: Luigi Antonio Fusco; Agustín Sánchez Losa

time	[id] title	presenter
15:00	[363] An overview on neutrino astronomy	FUSCO, Luigi Antonio
15:30	[444] The ANTARES adventure	CIRCELLA, Marco
16:00	[335] Searches for Diffuse and Galactic neutrino emissions with ANTARES telescope	CARTRAUD, Théophile

### ANTARES – 15 years of multi-messenger astronomy in the sea: Thursday block 2 - Lab. B (17:00 - 18:30)

-Conveners: Agustín Sánchez Losa; Luigi Antonio Fusco

time	[id] title	presenter
17:00	[397] ANTARES: 15 years of cosmic neutrino source searches	ILLUMINATI, Giulia
17:20	[349] 15 Years of Transient and Multi-Messenger Astronomy with the ANTARES Neutrino Telescope	Mr ALVES GARRE, Sergio
17:40	[317] Physics beyond the standard model with the ANTARES neutrino telescope	POIRÈ, Chiara
18:05	[308] Beyond ANTARES: the future of neutrino telescopes, a short review	CECCHINI, Vincent
