

Session Program

Jul 7 - 12, 2024

Seventeenth Marcel Grossmann Meeting

Mineral detection of dark matter and neutrinos

Aurum, the 'Gabriele d'Annunzio' University and ICRA Net
Pescara, Italy

Fri, July 12

5:00 PM

Mineral detection of dark matter and neutrinos: Friday block 2

Session | **Location:** Palazzo Micara of the 'Gabriele d'Annunzio' University, Lab. A, Viale Pindaro, 42, Pescara |
Conveners: Alexey Elykov, Patrick Stengel

5:00 – 5:20 PM

Analyzing right-handed neutrino dark matter with electron recoil events

Speaker

Santiago Collazo

5:20 – 5:40 PM

Paleo-detectors for cosmic rays

Speaker

Lorenzo Apollonio

5:40 – 6:00 PM

Towards a prototype paleo-detector for supernova neutrino and dark matter detection

Speaker

Emilie LaVoie-Ingram

6:00 – 6:30 PM

Mineral Detection of Dark Matter and Neutrinos

Speaker

Alexey Elykov

6:30 PM
