

# Seventeenth Marcel Grossmann Meeting

## Tuesday, 9 July 2024

**Unveiling neutrino secrets through cosmology: current status and future developments: Tuesday block 2 - M3 (17:00 - 18:30)**

-Conveners: Luca Caloni; Massimiliano Lattanzi; Nicola Barbieri

time	[id] title	presenter
17:00	[478] Cosmological limits on the neutrino mass sum for beyond- $\Lambda$ CDM models	SHAO, Helen
17:22	[138] Relic Neutrino Background from Cosmic Ray Reservoirs	GRANELLI, Alessandro
17:44	[46] Gravitational Influence on the Quantum Speed Limit in Neutrino-Antineutrino Oscillations	Dr JHA, Abhishek
18:06	[350] Robust neutrino mass weighing with high redshift mass maps	QU, Frank
